9. It was decided that Uppsala will be the host for the SRS meeting 2023.
10. Other issues.

Elevator pitches: Generally perceived as a good addition. Good to have it as the last session of the day. Keep the format.

Visibility

Suggestion to give access to the meeting to undergraduate students by using hybrid format. Negative side, it could decrease the number of people attending in person

Collect short descriptions of SRS associated scientists at SNSA website
SNSA is limited by GDPR to have lists of names/emails
SNSA makes information about all awardees of grants available on the website.

Include social media in visibility efforts?

Discussions about visibility will continue within SRS panel

Other things: suggestion to have a visit together to local laboratories/facilities during the next SRS meeting.
