

Grants based on Call 2022-N (New support to international space missions)

Formal SNSA allocations for grants were decided on 2023 January 3. The table below does not guarantee funding. The grants are planned to be specified in Prisma in the week of January 9-13, followed by agreement to the grant terms by researchers and organisations. Feedback to applicants can be expected in January.

Dnr	Principal applicant	Affiliation	Project	Grants (kkkr)			Total
				2023	2024	2025	
2022-00088	Peter Voelger	IRF	EarthCARE-ATLID	1 440	1 475	1 534	4 449
2022-00089	Manabu Shimoyama	IRF	Turkish Lunar Lander	737	215		952
2022-00090	Yoshifumi Futaana	IRF	ISRO Venus Orbiter	2 203	2 342		4 545
2022-00091	Yuri Khotyaintsev	IRF/KTH	NASA / MMS / SDP	1 805	1 767	1 717	5 289
Sum:				6 185	5 799	3 251	15 235

Total number of proposals: 7
