Why are you applying and how could an internship at NASA promote your career

What field is your main interest?

What other qualifications would you like to add to your application?

Why are you the most suitable candidate for an internship and what educational merits do you want to highlight?

If you do not receive financial support from Rymdstyrelsen, are you prepared to finance the internship at your own expense? (if you answer yes to this question, it means that you primarily want support from Rymdstyrelsen, but in a situation where you are selected by NASA and not supported by Rymdstyrelsen you are prepared to finance the internship at your own expense)
